

# 2023-2024 MISSOURI SCHOOL IMMUNIZATION RE

- All students must present documentation of up-to-date immunization status, including proof of each immunization before attending school.
- The Advisory Committee on Immunization Practices (ACIP) allows a 4-day grace period. Students in all levels may receive immunizations up to four days before the due date.
- Missouri-required immunizations should be administered according to the current Advisory Committee on Immunization Practices (ACIP) all spacing, (CDC.Gov/vaccines/schedules).
- To remain in school, students “in progress” must have an Immunizations In Progress form on file. In progress means that a child has begun the vaccine series and has an appointment scheduled. The appointment must be kept and an updated record provided to the school. If the appointment is not kept, the child is no longer in progress and is noncompliant. (i.e., Hep B vaccine series was started but not yet eligible to receive the next dose in the series.)
- Religious (Imm.P.11A) and Medical (Imm.P.12) exemptions are allowed. The appropriate documentation must be on file. Unimmunized children are subject to exclusion from school when outbreaks of preventable diseases occur.
